High-level tasks

In order of contribution

Problem Analysis & Project Design	Everyone contributed equally
Coding	Botond, David, Alex, Anton, Bati, Vilmos, Ahmed * we ensured everyone contributed on the code
Testing	David, Bati
Presentation	Ahmed, Vilmos, David, Anton
Project Management	David (Backend), Botond (Frontend)
Documentation & README	Botond, David, Alex

* We decided not to include percentages, as they are hard to assume and unfair to assign. Throughout the project meeting we ensured everyone would be working on some parts of the code and that everyone would chip in for the documentation, presentation and problem analysis.
